The library in its new location at the back of the Community Building has flourished during the past year and circulation has had an increase of seven hundred and two.

As usual, the library has received many gifts of books from library trustees and friends, and the wide variety of leading magazines is made possible by many gift subscriptions.

Mrs. John Olsen is still chairman of "Adventures in Reading," and there is a good selection of books from that adult and juvenile list on separate book shelves. Many books in this group have been lent by interested readers.

The library allotment has been set at five hundred and fifty dollars, a much needed increase which is greatly appreciated by the library trustees and patrons.

FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

Carelessness is responsible for 97 percent of all our forest fires. This is a serious indictment of our interest in our own welfare and that of our neighbors. In too many instances this carelessness results in the destruction, not of the careless one's own property, but of someone not even known to him.

Thoughtlessly thrown lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; the careless burning of debris during hazardous periods, high winds or in dangerous locations; improperly extinguished camp or cook fires — all add up to the CARELESSNESS that means serious loss of property, disruption of industry and farm work and unnecessary expenditures of town and state funds.

It points to the need of eliminating CARELESSNESS so far as it concerns fire from our daily life. The rules are simple — your cooperation is earnestly solicited.

1. Be careful with fire in or near woodlands.
2. Be sure that all lighted material — cigars, cigarettes and matches — is completely out before discarding it. Use ash trays in autos.
3. Secure the required written permission to burn from your local forest fire warden when the ground is not completely covered with snow.
4. Insist that others be careful and comply with burning requirements.
5. Call the warden promptly when fire is detected and aid him to extinguish it.

Let's remember that FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS and our MOST IMPORTANT undertaking!

Enrollment by Grades

Grade		1	2	3	4	5	6	7	8	Total
Piermont	Village	15	20	10	7	7	13	6	10	88

Contrary to National, as well as State per pupil cost increases, the Piermont school budget for 1955-1956 shows a 3.47% decrease, not including special articles.

This is primarily accounted for by a drop in high school tuition enrollment. It is only temporary, however, as the present census shows a high school population increase of 12 from the present 24 to 36 by 1960. Tuition rates have also increased state-wide from the 1952-1953 state average of \$310.00 to \$325.00 for 1953-1954, and will be well above the latter figure for 1954-1955.

The increased costs, in general, are due to increased services.

Transportation for high school pupils is being accepted as a desirable service in many districts, and is being asked for by several parents in this district. An article appears in the warrant to be voted upon.

Of the 26 pupils currently enrolled in high school, 7 are attending Haverhill Academy and 17 are at Bradford Academy.

The Piermont Village School has an enrollment of 79 pupils, an increase of four. Census figures again show increased enrollment until 1959, at which time, approximately 90 students will be in attendance. This increase will need additional housing, which may be met in two ways. One, by adding to the present building. Secondly, by joining a centralized high school district and sending the junior high (7th and 8th grades) pupils to it, thus relieving the over-crowded condition in the village school. The second plan would undoubtedly be the most beneficial to the student, because of the offering of a more varied list of subjects taught and services rendered. Also, considering the ever-increasing tuition rates in the secondary schools, it would probably be more economical.

Mr. Elwyn Farnham, of Norwich, Vermont, replaced Mr. Rittenburg as principal of the Village School. Mr. Farnham attended Plymouth Normal School and the University of Vermont, and has had many years of successful teaching experience.

Mrs. Lurena Day, assisted by Mrs. Shirley Metcalf, is again serving excellent, well-balanced hot lunches to the pupils. The contributions by citizens and organizations, to this program, are greatly appreciated, including that of the V. F. W.

It has been said that if it is better to travel than to

arrive, it is because traveling is a constant arriving, while arrival ends further traveling and is most easily attained by going to sleep. Let us keep awake that the best interests of youth may be served.

Acknowledgment is hereby made to the School Board members for their administrative interest and cooperation, to the teachers for their conscientious endeavors, and to the citizens of Piermont for their loyal support and interest in the welfare of the school system.

Your attention is directed to the report of the school nurse, which follows this report.

Respectfully submitted,

PHIL A. BENNETT,
Superintendent of Schools

---------------	----	-------------	----

During the school year, home visits were made to parents of first grade children. This gave an opportunity to explain the health services offered by the school and to discuss any health needs of the child. Pamphlets concerning eyes, ears, teeth, immunizations, and basic food requirements were left with the parent.

Routine vision screening was done in all grades. Written notices were sent home when symptoms of defects were found. With these notices, went a form for the eye doctor to fill in after his examination. We would like these completed forms returned to the school for the health records. In this way, the school can follow any special recommendations that are made by the doctor.

The puretone audiometric hearing test was done in Grades 1, 2, 4, 6, and 8. Hearing tests were done in the other grades when a new pupil entered school, when there was a question of difficulty in hearing, and when the child had failed the test the previous year.

I want to thank Mr. Bennett, the teachers, the parents, and the pupils for their kind cooperation during the year.

Respectfully submitted,

MURIEL LaMOTT, R. N.,
School Nurse
